welcomes applicants at any time. This posting is for the Fall 2018, Spring 2019, and Summer 2019 semesters. The specific courses involved may vary from semester to semester and openings to teach these courses develop on a periodic basis, depending on department teaching needs.

The anticipated need may include but is not limited to:

Forensic Microscopy; Forensic Molecular Biology (Forensic Genetics); other Forensics-related courses.

Minimum Qualifications:

Bachelor's degree in area of Biological Science, with professional expertise, certification or licensure in field or area related to Forensic Science. College teaching experience required.

The University of North Texas System is firmly committed to equal opportunity and does not permit - and takes actions to prevent - discrimination, harassment (including sexual violence), and retaliation on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity or expression, age, disability, family status, genetic information, citizenship or veteran status in its application and admission processes, educational programs and activities, facilities, and employment practices. The University of North Texas System immediately investigates and takes remedial action when appropriate.

The University of North Texas System also takes actions to prevent retaliation against individuals who oppose a discriminatory practice, file a charge, or testify, assist or participate in an investigative proceeding or hearing.
