**Job Description** 

## Job Description

The Department of Mathematical Sciences in the Charles V. Schaefer, Jr. School of Engineering and Science of Stevens Institute of Technology (Stevens) invites applications for a lecturer position, starting in Fall 2023. All qualified candidates whose teaching interests are aligned with the department's educational offerings will be considered. Teaching responsibilities will focus on undergraduate courses and entry-level graduate courses offered on campus and online.

Candidates must have a Ph.D. degree in a relevant field of mathematics or statistics by August 1, 2023, and should possess passion for and be committed to excellence in both undergraduate and graduate education, thereby contributing to the innovative and entrepreneurial culture at Stevens. It is

expected that candidates will work collaboratively in an interdisciplinary environment.

The Department of Mathematical Sciences is an internationally recognized center of excellence for research and education in contemporary mathematical sciences with an undergraduate program in mathematics, a Ph.D. program in pure and applied mathematics, and master's degree programs in mathematics, applied mathematics, data science and in actuarial mathematics and quantitative risk. The Data Science master's program is offered in collaboration with the Department of Computer Science, Department of Electrical and Computer Engineering, as well as the School of Business. The Department hosts the Algebraic Cryptography Center, participates in the Stevens Institute for Artificial Intelligence (SIAI) and Center for Research toward Advancing Financial Technologies (CRAFT), and has several outreach activities and interests in innovative educational technologies. The Institute provides excellent computational facilities and opportunities for interdisciplinary research with programs in engineering and science, computer science, quantitative finance and business.

Stevens Institute of Technology is a premier, private research university in Hoboken, New Jersey, overlooking the Manhattan skyline. Stevens prepares its more than 8,000 undergraduate and graduate students for an increasingly complex and technology-centric world, leveraging finance, computing, engineering and the arts to confront the most challenging problems of our time with innovative teaching and research. The university is in the top 1% nationally of colleges with the highest-paid graduates.

Stevens values diversity and seeks candidates who will contribute to a welcoming and inclusive environment for students, faculty and staff of all backgrounds. We are an NSF ADVANCE institution committed to equitable practices and policies, and strongly encourage applications from women, racial and ethnic minority candidates, veterans and individuals with disabilities.

The search committee will begin review of applications on December 1, 2022 and applications will be accepted until the position is filled. To apply, please submit a cover letter, curriculum vitae, a teaching statement that includes teaching interests and philosophy on inclusive classroom practices, a diversity statement, and contact information for at least three references at <a href="www.mathjobs.org">www.mathjobs.org</a>. The diversity statement could include participation or experience with programs, professional development, and/or engagement with students of diverse backgrounds, as well as plans for advancing these areas at Stevens. For any questions, please contact the Search Committee Chair, Dr. Michael Zabarankin, at <a href="mzabaran@stevens.edu">mzabaran@stevens.edu</a>.

Stevens Institute of Technology is an Equal Opportunity Employer. Accordingly, Stevens adheres to an employment policy that prohibits discriminatory practices or harassment against candidates or employees based on legally impermissible factor(s) including, but not necessarily limited to, race, color, religion, creed, sex, national origin, nationality, citizenship status, age, ancestry, marital or domestic
