Job Description:

[b]Professor and Head of School
School of Geosciences
Faculty of Science
Reference No. S09/186[/b]

The School of Geosciences at the University of Sydney is seeking an outstanding individual to provide strong and innovative leadership, as Professor and Head of School.

The Head of School leads strategic direction and operational aspects of the School, as well as engagement with industry and government agencies.

The successful candidate will have a Ph.D. in Geology, Geography or Geophysics and a proven track record in successful administration and staff management.

Along with an outstanding and internationally recognised record of research, you will have skills in building and leading research teams and demonstrated success in attracting competitive research funding and developing industry links.
