Apply By E-mail: chembe@jhu.edu

Job Description:

The Department of Chemical and Biomolecular Engineering at the Johns Hopkins University announces a search for a Faculty Member, at all ranks.

The Department seeks an outstanding Engineer and/or Scientist, who will create an innovative, high-impact graduate research program and who will excel at teaching and motivating talented undergraduate students.

A doctorate in Chemical Engineering or a related field is required.

The search is open to all research areas, with an emphasis on Biomolecular and Cellular Engineering, Biofuels, Drug Delivery, Synthetic Biology and Systems Biology.

Candidates should submit curriculum vitae, reprints of recent papers, statements of research interests and teaching plans and the names of three references, to:
