

Limited-Term Assistant Professor
Search #10024
Allen E. Paulson College of Engineering & Computing
Department of Information Technology

The Department invites nominations and applications for the position of Limited-Term Assistant Professor. The position is based on the Armstrong campus.

In January 2017, the University System of Georgia Board of Regents voted to consolidate Armstrong State University and Georgia Southern University. The new, 27,000-student university has been named Georgia Southern University with campuses in Savannah, Statesboro, and Hinesville. The expected timeline for the first entering class is Fall 2018. Complete details are available at <http://consolidation.georgiasouthern.edu/>. Within this setting, the Department of Information Technology (IT) is part of the state-of-the-art College of Engineering and Computing. The department offers an on-campus Bachelor of Science in Information Technology (BSIT) degree and participates in the delivery of the statewide online program (WebBSIT).

Position Description. Reporting to the Department Chair, the limited-term assistant professor is required to primarily engage in the instruction of up to four information technology courses per academic semester, especially at the introductory levels, with a limited load for related service activities. All limited-term positions are non-tenure track, academic (9/10 month) year appointments. Appointments are for one year only, although there is the possibility of reappointment should funding permits it and based upon satisfactory performance. All reappointments are made on a one-year basis. The salary is competitive and commensurate with qualifications and experience.

Required Qualifications:

- An earned doctorate in Information Technology, Computer Science or a closely related field by August 1, 2018 with at least 18 graduate semester hours in Information Technology.
- Effective communication skills.
- Teaching experience at the undergraduate level.
- Must be authorized to work in the United States for the duration of employment without assistance from the institution.

Preferred Qualifications:

- Teaching experience in Information Technology, Computer Science or a closely related field.

Screening of applications begins June 1, 2018 and continues until the position is filled. The preferred position starting date is August 1, 2018. A complete application consists of a letter addressing the qualifications cited above; a curriculum vitae; and the names, addresses, telephone numbers, and email addresses of at least three professional references. Other documentation may be requested. ***Only complete applications submitted electronically will be considered.*** Finalists will be required to submit to a background investigation. Applications and nominations should be sent to:
