Required Qualifications:

- A PhD candidate from Western Universities with at least 30-semester hours beyond master and bachelor's degree is required.
- Candidate must have the ability to demonstrate and instruct in English.
- Candidate must have the ability to teach at the university level.

The candidate must provide a procedural Promotion Letter (for Full and Associate Professor).

The Department offers lower level courses such as elementary algebra up to upper level courses in differential equation and linear algebra.

Desired Experience:

These positions are exciting opportunity for faculty to experience the state-of-the-art facilities and learning-centered environment. Also, PMU offers an opportunity to experience the life and culture of the Middle East.

We are looking for creative, experienced and qualified applicants who will identify with the mission of the University.

Benefits and Conditions:

PMU offers an income tax free compensation package, commensurate with rank and experience, including 12 month salary, summer vacation, accommodations, annual round trip airfare to home country, medical insurance, assistance with school fees for children and end of contract benefits.

Application must include letter of interest, curriculum vitae (includes recent photo, citizenship, links to Google Scholar and LinkedIn profile), unofficial copies of all university transcripts, statement of teaching interest, as well as the names, addresses, phone numbers and email addresses of at least three professional references.

Review of applications will begin immediately and continue until the positions are filled.

Only shortlisted candidates will be contacted.

In sending the application materials via email, clearly state the position that you are applying for and specify the job site where the advertisement was taken from. For your reference, kindly submit your application to the following email addresses:
