**Apply By Email**

**Job Description**

The Department of Chemistry and Biochemistry at Seton Hall University invites applications for a tenure-track Assistant Professor position in the area of Chemical Biology beginning August 2018. Candidates proposing a multi-disciplinary research program in chemical biology are encouraged to apply. Candidates must possess the degree of PhD, or MD/PhD and postdoctoral training. The successful candidate will be expected to develop and maintain a high quality extramurally funded research program. The candidate will also have to demonstrate excellence in the teaching of introductory and advanced undergraduate and graduate courses in chemistry and biochemistry. Moreover, the ideal candidate is expected to possess the desire to collaborate inside and outside the basic sciences.

## Tenure-Track Assistant Professor in Chemical Biology Seton Hall University

Downloaded On: Feb. 25, 2018 12:59am

The search is open to all areas of chemical biology as broadly defined, including areas such as: biochemistry, bio-organic chemistry, macromolecule design and synthesis, bioactive polymer synthesis, medicinal chemistry, bio-physical, bio-inorganic, bio-analytical and areas of synthetic biology which include the development of new chemistries for the biomedical sciences.

Interested candidates should upload a cover letter, teaching philosophy statement, curriculum vitae, three letters of recommendation, and a concise research plan at: <https://jobs.shu.edu>

The Department of Chemistry and Biochemistry is a teaching oriented and research inspired department, supported by the Catholic mission of Seton Hall University. We offer programs leading to the BS, MS and PhD degrees and maintain a broad inventory of open access research instrumentation including 400 and 500 MHz NMRs, numerous chromatographs, spectrometers and microscopes, as well as mainframe and cluster high performance computing equipment. Located in northern New Jersey and 30 minutes from Manhattan, the department has numerous long-standing collaborative relationships with local industrial R&D laboratories as well as a partnership with our incumbent Seton Hall-Hackensack-Meridian School of Medicine. For more information about the department and faculty research interests, please visit <http://www.shu.edu/academics/artsci/chemistry/>. Review of applications will begin on February 20, 2018, however, the position will remain open until filled.

### **EEO/AA Policy**

Seton Hall University is an Equal Opportunity/Affirmative Action employer. It honors diversity and respects the religious commitments of all its employees. In turn, its employees respect Catholic beliefs and values, and they support its mission as a Catholic institution of higher education.
