establish an active research program involving undergraduates, and participate in other school and department service activities.

### Qualifications

A Ph.D. in Chemistry is required. Postdoctoral and undergraduate teaching experience is preferred. Demonstrated potential for excellence in undergraduate teaching and engaging in research with undergraduates is required. Experience or interest in pedagogical innovation and implementing active learning in their courses is desired. Candidates with research experience that would enhance our current chemistry degree offerings are particularly encouraged to apply. Experience with teaching and research in cross-disciplinary fields such as biophysical, physical organic or materials chemistry is desired. We seek a colleague who will align and expand St. Edward's University mission, values, and strategic plan. Successful completion of an employment and/or criminal history background check is required.

HOW TO APPLY Application review will begin October 10, 2019, and continue until position filled. Qualified applicants are invited to complete an on-line application at [www.stedwards.applicantpro.com](http://www.stedwards.applicantpro.com). Please include an application letter, vita, statement of teaching philosophy, summary of research interests, a diversity statement, unofficial copies of transcripts (both undergraduate and graduate level), and full contact details of three references. The required diversity statement must describe how the applicant would contribute to the development of a diverse and inclusive learning community at St. Edward's through their teaching, research, and service.

EQUAL OPPORTUNITY EMPLOYER: St. Edward's University, as an equal opportunity/affirmative action employer, complies with all applicable federal and state laws regarding nondiscrimination and affirmative action. The University is committed to a policy of equal opportunity for all persons and does not discriminate on the basis of race, color, national origin, age, marital status, sex, sexual orientation, gender identity, gender expression, disability, religion, or veteran status in employment, educational programs and activities, and admissions.

### About Austin, Texas

Consistently ranked as one of the "top metropolitan areas to live in," by numerous independent media outlets, Austin attracts approximately 50 new residents a day and has been one of the nation's fastest growing cities. St. Edward's is in the heart of this thriving, entrepreneurial and cosmopolitan city, providing students, faculty and staff with opportunities to live, learn and grow in an environment that offers a wealth of resources and opportunities. In fact, Austin is home to 17 companies on the Inc. 5000 list and boasts 1.7 times the national average of startups. Additionally, as one of the world's great technology centers, Austin, sometimes referred to as "Silicon Hills," is home to technology heavyweights like Dell, National Instruments and Silicon Labs.
