Job Description

The Department of Biology at North Carolina A&T State University invites applications for a nine (9) month, full time, non-tenure track teaching assistant professor position in Biology. A higher rank might be considered for qualified candidates. The initial appointment of the position is two years and it is eligible for renewal.

The primary duties and responsibilities for this position include teaching undergraduate level courses, conducting tutoring and supplemental instruction, and student advising. Engagement in recruitment, curriculum development and conducting scholarly activities are also expected. Other responsibilities include, but are not limited to, serving on committees, engaging in program assessment and service to the department, College, and University as needed.
