Job Description

POSITION Laboratory Technician, Physics
DEPARTMENT Core Curriculum Program - Mathematics and Natural Sciences
SCHOOL Prince Mohammad Bin Fahd University
REPORTS TO Department Chair; College Dean

INTRODUCTION

The Deanship of CORE Curriculum offers a broad range of core academic courses that are available to meet the specific needs of individual degree programs. All students are required to successfully complete courses in each of three College CORE fields: natural and physical sciences, mathematics, and social and behavioral sciences.

The CORE Curriculum is a set of humanities, social sciences, natural sciences, mathematics and Assessment Capstone competencies that help our students develop and grow as lifelong learners. The ultimate goal of the Core Curriculum Program is to empower our students with the rational thinking that enables them to consider what it is like to act and think as researchers, historians, businessmen, chemists, physicists, mathematicians and economists.

The Deanship of CORE Curriculum is committed to working towards achieving the goals articulated in Saudi Vision 2030. Our students expect to be globally competent and empowered with the communication, technological and critical thinking skills that the job market needs. Therefore, integral to the CORE Curriculum are the global competencies that today's business sector requires. The CORE Curriculum, with its two departments centralizes six defining competencies which are integral to its courses: Communication, Technology, Critical Thinking, Professional Development, Teamwork and Leadership.

GENERAL DESCRIPTION

The primary role of Laboratory Technician is to oversee all Physics laboratories. Specifically, performs a variety tasks related to Physics laboratory operations including the procurement, testing, and maintenance of lab equipment, and inventorying and purchasing equipment and supplies to facilitate teaching objectives. Furthermore, the Lab Technician will be aware of the content of these courses on a weekly basis, will be actively involved in organizing equipment, will troubleshoot laboratory activities, and will assist the lab instructor in teaching some lab sessions.

DUTIES AND RESPONSIBILITIES

General

- Carry out the duties of the position in accordance with College values and standards and in line with College policies and procedures, upholding high professional standards and leading by example.
- Work with our students as members of a learning community to provide world-class education and an excellent student experience.
- Integrate the College value of inclusiveness into all appropriate aspects of the job, respecting the dignity and diversity of all members of the College community and of visitors to the College.
- Promote the values of collegiality within the College community.
