Job Title	Postdoctoral Researcher - Nanotherapeutics, Cancer and Immunotherapy
Department	California Nanosystems Institute http://www.cein.ucla.edu
Institution	University of California, Los Angeles Los Angeles, California
Date Posted	Jun. 15, 2020
Application Deadline	Open until filled
Position Start Date	Available immediately
Job Categories	Post-Doc
Academic Field(s)	Nanotechnology Chemistry - Medicinal Biology - General
Apply By Email	avery@ucla.edu

Job Description

The UCLA Division of NanoMedicine and California NanoSystems Institute at the University of California, Los Angeles are recruiting a postdoctoral researcher to join a team of highly integrated scientists exploring the use of engineered nanomaterials for cancer chemotherapy and chemo-immunotherapy applications. We are looking for an individual with hands-on experience in the use of nanomaterials for drug delivery and tumor immunology applications.

Professors Andre Nel and Huan Meng are looking for a highly qualified Postdoctoral Researcher with superior knowledge of nanotherapeutics, tumor immunology, drug delivery, medicinal chemistry, and nanomaterial-enabled immunotherapy to perform research utilizing nanocarriers and nanocarrier design to develop a chemo-immunotherapy platform in CNSI. The successful candidate will possess interdisciplinary skills and hands-on experience in conducting nanomaterial synthesis and cellular and animal studies based on a detailed understanding of nanomaterial properties and cargos to deliver

drugs and raise anti-tumor responses. Postdoctoral researcher will assist in planning of experiments, methods development, and conduct productive research in the field of tumor chemo-immunotherapy.

Position is available for immediate occupancy for a 1-2 year appointment, contingent on background experience, performance, and continued availability of funding. Candidate must have completed their PhD in immunology, cancer biology or materials science and have hands-on experience in nanotherapeutics. Candidates with pharmaceutical science expertise and drug delivery experience are encouraged to apply. Applicants who have already served 3 years as a Postdoctoral Researcher at other institutions are not eligible to apply. Please forward curriculum vitae and 3 references to David Avery, Chief Administrative Officer, UC CEIN (avery@ucla.edu).

Direct applications only - NO AGENCIES.
