Job Description	

The College of Science and Technology at North Carolina A&T State University seeks a dynamic and innovative chairperson for the Department of Computer Systems Technology who possesses a distinguished record of scholarship and research, appreciates the integration of learning, discovery and engagement, has significant experience in higher education, and has experience in securing extramural funding. This is a 12-month administrative position with a tenure-track faculty appointment at the rank of Professor. An appointment at the Associate professor level may be considered for candidates who exhibit potential for growth. The successful candidate is expected to have an exemplary record of scholarship and research, along with a vision for invigorating and expanding the educational, research, and service efforts of the department. Candidates are expected to exhibit a strong commitment to scholarship and excellence in the area of information technology, electronics technology and/or electrical engineering technology, and exhibit an open and collegial style of management and leadership. Candidates should be familiar with the ABET accreditation standards.
