Job Description

Chemistry - Visiting Professor
Division of Science and Math
NYU Abu Dhabi

The Division of Science at NYU Abu Dhabi is searching for accomplished individuals to join the Chemistry program as a Visiting Professor to educate the next generation of global leaders. Multidisciplinary research and exceptional teaching are hallmarks of the University's mission.

NYUAD values diversity, inclusion, belonging, and equity; such principles are fundamental to the university's commitment to excellence. Our faculty are the engines that sustain our inclusive

environment; NYUAD students come from more than 115 countries, with no single one nationality exceeding more than 15 percent of the total student population. Likewise, our faculty are highly diverse and community-minded: our modern campus is home to over 320 faculty who represent more than 45 different nationalities, all of whom bring a global perspective to their classrooms and research projects. Research is advanced by over 400 highly qualified research staff, who are likewise drawn from all over the world.

Applicants should have a relevant PhD and demonstrate an outstanding track record for their career stage. They are expected to be excellent teachers of undergraduate courses.

The visiting position is typically for 1 year, and the successful candidate will be responsible for teaching 4 courses including analytical and inorganic chemistry.

Successful candidates will receive some research funding for conference travel and/or minor equipment, and will also have access to internal competitive funds. Additional research support includes access to high performance computing facilities with more than 12,000 computing cores and a peak performance of 400 TFLOPS.

About NYU Abu Dhabi

Established in partnership between New York University (NYU) and the emirate of Abu Dhabi, NYU Abu Dhabi (NYUAD) has assembled over the past decade a remarkable community of scholars, students, researchers, artists, inventors, and others who have contributed to the growth of the UAE's capital as a global hub of knowledge and culture while establishing a new model of higher education for today's complex world.

NYUAD is animated by inspiring, diverse faculty, students, and staff working together in an exciting and dynamic city. As an international center of excellence in teaching and research, our goal is to attract outstanding faculty who are leaders in their fields, encouraging them to create programs that draw outstanding students and providing an intellectually rich environment.

Students are drawn from among the world's best. They are bright, intellectually passionate, and committed to building a campus environment anchored in mutual respect, understanding, and care. The NYUAD undergraduate student body has garnered an impressive record of scholarships, graduate-school appointments, and many other global honors. Graduate education is an area of growth for the university and the current graduate student population of over 100 students is expected to expand in the next decade.

NYUAD is committed to building and strengthening a university-wide culture of inclusion, diversity,

belonging, and equity (IDBE). For more information on NYUAD's commitment to IDBE and how these values create fundamental to our mission please visit <https://nyuad.nyu.edu/en/about/inclusion-diversity-belonging-and-equity.html>

Working for NYUAD

A world-class institution deserves world-class benefits. At NYUAD, we recognize that Abu Dhabi is more than where you work, it's your home and in order for you to research, teach, and thrive, we're offering a comprehensive benefits package to our top talent. Starting with generous relocation support to ensure a smooth transition to Abu Dhabi, followed by competitive salaries, housing on campus, and educational assistance for your dependents. Health and wellness services round out our offerings, plus more. Click here for more information on benefits for you and your dependents.

Qualifications

This position requires a Ph.D. in Chemistry.

Application Instructions

To apply for this position, please submit the following items to: <https://apply.interfolio.com/81454>

.CV

.Cover Letter

.Teaching Statement

.Research Statement

.Recent teaching evaluations (if available)

.Up to 3 Representative Publications

.Names and contact information for three (3) references that will be directed to upload their reference to Interfolio

We will begin reviewing applications on February 1, 2020, and will continue until the position is filled. Shortlisted candidates are expected for interviews in Spring 2021. We anticipate that successful candidates can start the appointment and relocate to Abu Dhabi in the academic year 2021-2022.

NYUAD is committed to equality and is an equal opportunity employer. We encourage applications from candidates who will enrich and contribute to the cultural and ethnic diversity of our University.

For questions about this position, please email nyuad.science@nyu.edu.

Join NYU Abu Dhabi, an exceptional place for exceptional people.
