Job Description

The University at Buffalo is seeking a Hazardous Materials Supervisor to perform a wide variety of duties overseeing the day-to-day operations of the hazardous and radioactive waste programs in the unit of Environment, Health & Safety including:

- Hazardous Waste/Materials Collection Management and Disposal
- Radiation Safety/Waste Collection
- Emergency Response
- Perform laboratory safety inspections.

Environment, Health and Safety develops policies, procedures and compliance standards to ensure the safety of the university community. We are committed to protecting health and safety on campus that is conducive to the highest level of education and research.

This role requires strong oral and written communication due to frequent interaction with professional staff (Ph.D., MD, Senior Researchers, Lab Technicians), clerical staff (administrative staff), frontline facilities employees (cleaners, skilled trade shop personnel, etc.), graduate and undergraduate students and outside vendors. Individual must be able to independently recognize potentially unsafe conditions and act accordingly to correct the situation. The Hazardous Materials Supervisor reports directly to the Hazardous Materials Manager. This role has 2 Hazardous Waste Technicians that are direct reports (SL2).
