Posted Jan. 11, 2023, set to expire Nov. 1, 2023

The Department of Biological Sciences at Auburn University seeks an Assistant Professor (tenure-track) in Global Change Biology of Marine Systems. The Assistant Professor will establish an extramurally funded, internationally recognized research program focused on biological responses to global anthropogenic change; teach undergraduate marine science and/or related courses, and will be expected to develop or contribute a graduate course in their research specialty.

Auburn University is understanding and sensitive to the needs of faculty, including dual-career couples. Please visit the following link for more information:
