Job Title	Research Associate (Electrical & Electronics Engineering/ Material Science/ Physics/ Chemistry)
Department	Temasek Laboratories
Institution	Nanyang Technological University Singapore, , Singapore
Date Posted	Apr. 22, 2024
Application Deadline	Open until filled
Position Start Date	Available Immediately
Job Categories	Research Scientist/Associate
Academic Field(s)	Chemistry - General Sciences - General Materials Sciences/Polymer Sciences Physics - General
Job Website	https://ntu.wd3.myworkdayjobs.com/en-US/Careers/job/Research-Associate--Electrical---Electronics-Engineering--Material-Science--Physics--Chemistry-_R00016825

Emerging Technologies).

We take huge pride in our people as we believe they are our greatest asset. We are committed to nurturing people and building their professional development. In addition, we support their personal aspirations and growth. We advocate a healthy work-life balance through yearly engagement and team bonding activities.

MTDC is looking to hire a dynamic candidate with strong hands-on experience to support fab back-end operation.

Key Responsibilities:

- Strong knowledge in overall wafer fabrication processes
- Self-initiator with effective Design of Experiment (DOE) to complete the work on time with conclusive remarks
- Continuous support and immediate feedback to its Module Leader (Back-end)/ Asst. Fab Manager
- Perform daily operations in back-end module, inclusive of back-lapping, back-grinding, Dicing and other backend processes
- Develop new recipe to cater for new project needs
- Maintain key inventories within the Back-end module
- Regular preventive maintenance of the back-end tools
- Data analysis and preparation of reports/slides after the completion of experiments.
-
