**Job Description**

The School of Chemistry, Chemical Engineering and Biotechnology (CCEB) is a new interdisciplinary school at NTU, inaugurated in August 2022. Our school hosts world-class education and research programs in biochemistry, organic and inorganic chemistry, physical chemistry, chemical engineering, and bioengineering. We aim to explore the potential effects of abundant endocrine disruptors on brain inflammation.

The position is responsible for conducting in vitro assay or in vivo assay to test if such endocrine
