| Job Description | |

The Department of Electrical Engineering at Columbia University in the City of New York invites applications for a Staff Associate II.

The Staff Associate II will participate in the research projects in the Digital Video and Multimedia Lab in the areas of Multi-Modal Machine Learning, AI, and Applications. Experience in programming, image processing, and computational modeling, and background in machine learning or applied mathematics are preferred. The Staff Associate II will primarily be following the direction of the PIs, who will be setting goals week-by-week but will need to make their own judgment in determining how to accomplish these goals.

Review of applications will commence immediately and continue until the position is filled. To apply, please submit an application to <http://apply.interfolio.com/145731> along with a copy of
