Chemistry and Instrumentation, and Digital Forensics and general chemistry courses at both undergraduate and graduate levels. The candidate must have a publication track record in top-tier journals, preferably Scopus Indexed, experience in securing research grants, and supervision of graduate students will be an advantage. Qualified candidates at all levels will be considered at a rank commensurate with academic accomplishments. The candidate is also expected to participate in the department's administrative services as well as community activities. Candidates applying will need to arrange three letters of recommendation. The position will remain open until filled.

Minimum Qualification

- The candidate must have a PhD in Forensic Chemistry or a closely related field.

Preferred Qualification

- The candidate must have studied or worked in a highly ranked university.
- The candidate must demonstrate a strong record of research performance.

Expected Skills

Potential candidates are expected to have a minimum of two years of experience in teaching at an institution of higher education.
