must have a publication track record in top-tier journals. Experience in teaching, securing research grants, and graduate student supervision will be an advantage. Although the position is open to all areas of Inorganic chemistry, preference will be given to candidates with expertise in Bioinorganic chemistry or Organometallic chemistry.

Minimum Qualification

The candidate must have a BSc degree in chemistry and a PhD in the area of Inorganic Chemistry or a related field from a reputed university

Preferred Qualification

The candidate must have a good number of Q1 publications as determined by the Scimago Journal Ranking system.

Expected Skills

- The candidate must have teaching experience at university level.
- The candidate must have a strong experience in different inorganic-related physical and chemical methods.
