Posted Jun. 26, 2024, set to expire Nov. 8, 2024

The Lecturer, in the Department of Mathematics and Statistics, will apply excellent verbal and written communication skills to teach undergraduate and graduate courses equal to 11 to 12 credit hours per semester. The successful candidate will prepare, evaluate, and grade student assignments and exams; hold regular office hours; implement inquiry, project, and technology based active learning into teaching; and coordinate business calculus sections including preparation of the common course syllabus, grading schemes, and training GTAs. In addition, candidates are expected to contribute through service to the department, college, and university.

Applicants should submit a curriculum vitae, a cover letter detailing teaching experience, a statement of teaching philosophy, a representative sample of recent teaching evaluations, and the names and contact information of at least three professional references. The addition of an equity and inclusion statement describing how past and/or planned contributions to teaching, research, and/or service will serve to advance the mission of the College of Sciences and Mathematics in creating an inclusive environment is highly desirable.

Auburn University is understanding of and sensitive to the family needs of faculty, including dual-career couples. Please visit the following link for more information on Auburn's guidelines for dual-career services: <https://www.auburn.edu/academic/provost/pdf/guidelines-dual-career-services.pdf>.
