**Anticipated start:** July 1, 2025

**Application Window**

**Open date:** July 12, 2024

**Next review date:** Tuesday, Sep 17, 2024 at 11:59pm (Pacific Time)

Apply by this date to ensure full consideration by the committee.

**Final date:** Tuesday, Sep 17, 2024 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date.

**Position description**

Human Evolutionary Biology

The Department of Integrative Biology (IB) at the University of California, Berkeley, seeks an interdisciplinary scientist working on questions in Human Evolutionary Biology, including human origins, human dispersal and diversity, adaptation to local environments, coevolution with pathogens and human symbionts, and the use of evolutionary analyses for understanding disease etiology, physiology, and the human condition more generally.

We seek a colleague who is highly integrative with a background in one or more of the fields of paleontology, anatomy, physiology, genetics, or comparative primatology, and who is using laboratory experiments and/or field work to address fundamental evolutionary questions. Candidates will be expected to have a strong interest in both undergraduate and graduate teaching and to contribute to instruction in core courses in anatomy, physiology, human evolution, or other forms of organismal biology. Competitive candidates will demonstrate evidence of outstanding research productivity, potential to obtain external funding, a commitment to excellence in teaching and in mentoring of undergraduates, graduate students, and post-docs, and a commitment to advancing equity, inclusion, non-discrimination, and belonging consistent with Berkeley's principles of community.

Learn more about the Department of Integrative Biology at: <https://ib.berkeley.edu>.

IB is committed to addressing the family needs of faculty, including dual career couples and single parents. We are also interested in candidates who have had non-traditional career paths or who have taken time off for family reasons, or who have achieved excellence in careers outside academia. For information about potential relocation to Berkeley, or career needs of accompanying partners and spouses, please visit: <http://ofew.berkeley.edu/new-faculty>.

Posted Jul. 23, 2024, set to expire Sep. 17, 2024

The University of California is committed to creating and maintaining a community dedicated to the advancement, application, and transmission of knowledge and creative endeavors through academic excellence, where all individuals who participate in University programs and activities can work and learn together in a safe and secure environment, free of violence, harassment, discrimination, exploitation, or intimidation. Consistent with this commitment, UC Berkeley requires all applicants for Senate faculty positions to complete, sign, and upload an Authorization of Information Release form into AP Recruit as part of their application. If an applicant does not include the signed authorization, the application will be considered incomplete, and as with any incomplete application, will not receive further consideration. Although all applicants for faculty recruitments must complete the entire application, applicants will only be subject to reference checks if and when they are selected as the candidate to whom the hiring unit would like to extend a formal offer. More information is available on [this website](#).

### Qualifications

#### Basic qualifications (required at time of application)

PhD (or equivalent international degree), or enrolled in PhD or equivalent international degree-granting program at the time of application.

#### Additional qualifications (required at time of start)

PhD degree (or equivalent international degree) must be held by start date.

#### Preferred qualifications

Applicants with an exceptional research record in any area of human evolutionary biology are encouraged to apply.

Preferred qualifications also include that applicants :

- Demonstrate excellence, originality, and productivity in research record in any area of human evolutionary biology
- Demonstrate evidence of commitment to undergraduate and graduate teaching and research mentoring, as well as public outreach
- Demonstrate evidence of commitment to fostering diversity, equity, inclusion, non-discrimination, and belonging
- Demonstrate success for potential for success in securing external funding.

### Application Requirements

Assistant Professor - Human Evolutionary Biology -  
Integrative Biology

UC Berkeley is committed to diversity, equity, inclusion, and belonging. The excellence of the institution requires an environment in which the diverse community of faculty, students, and staff are welcome and included. Successful candidates will demonstrate knowledge and skill related to ensuring equity and inclusion in the activities of their academic position (e.g., teaching, research, and service, as applicable).

The University of California, Berkeley is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status.

Please refer to the [University of California's Affirmative Action Policy](#) and the [University of California's Anti-Discrimination Policy](#).

In searches when letters of reference are required all letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the [UC Berkeley statement of confidentiality](#) prior to submitting their letter.

As a University employee, you will be required to comply with all applicable University policies and/or collective bargaining agreements, as may be amended from time to time. Federal, state, or local government directives may impose additional requirements.
