Job Description

The National Nuclear Security Administration Minority Serving Institutions Internship Program (NNSA-MSIIP) provides paid opportunities for undergraduate and graduate students enrolled at Minority Serving Institutions (MSIs) during the Fall of 2024 who are pursuing degrees in critical science, engineering, technology, mathematics, and other disciplines that complement current and future missions of the NNSA.

As a program participant, you will:

- Be part of world-class research and operations opportunities within the NNSA enterprise.
- Enhance your preparedness for scientific, technological, and policy related-careers.
- Gain a competitive edge as you apply your education, talent, and skills.
- Establish connections with Nuclear Security Enterprise (NSE) scientists and subject matter experts that promote long-term relationships between yourself, researchers, and other professionals in your field.

Duration

The 2025-2026 cohort of MSIIP interns will have the option to participate in summer-only or year-long internships.

- Summer (12-week) internships will begin on June 2, 2025, and end on August 22, 2025. Summer interns will be expected to commit to 40 hours of participation per week.
