**Job Description** 

The Department of Computer Science at the University of Kentucky invites applications for non-tenure eligible, 9-month appointment (Research Title Series) Research Assistant Professor faculty position to begin September 2024. We seek excellent candidates in Computer Science and specifically Heritage Science, with needs in Al/machine learning, software engineering/HCI, X-ray imaging and tomographic reconstruction. A demonstrated ability to collaborate with diverse teams to address challenges at the confluence of Al/ML and Heritage Science is highly desirable. Successful candidates must demonstrate a strong commitment to the EduceLab research enterprise, led by Dr. W. Brent Seales at the University of Kentucky. All Research Assistant Professor faculty are expected to focus on research and the management of research projects. We will consider only the assistant professor level. This position is not tenure-eligible and continuation beyond the first year is contingent on research funding to support the position.

The Department, housed within the College of Engineering, has 23 faculty members. We aim to be a

diverse community of researchers and educators pursuing pioneering research in computer science as well as interdisciplinary research collaborations at the university and beyond; offering all students the highest quality instructional programs including Bachelor's, Master's, and PhD degrees in Computer Science, Master's degree in Data Science, and Bachelor's, Master's, and PhD degrees in Computer Engineering; expanding our reach to marginalized and underrepresented students, and serving the professional, local, state and global communities. The degree programs in Computer Engineering are offered in collaboration with the Department of Electrical and Computer Engineering Department; the undergraduate programs in Computer Science and in Computer Engineering are ABET-accredited. The University of Kentucky is one of eight institutions in the United States with colleges of agriculture, arts and sciences, business, engineering, law, medicine, and pharmacy all on a single campus, making it uniquely suited for diverse interdisciplinary collaborations. Located in Lexington, one of the safest, most creative and well-educated cities in the nation, we offer an ideal setting in which to build a successful work-life balanced career. Lexington is the heart of the scenic Bluegrass Region, with many outdoor recreation opportunities and excellent public and private schools.
