Job Description

The **Technical University of Munich(TUM)** invitesapplications for the position of **Tenure Track Assistant Professorin » Statistics and Data Science «**

to begin as soon as possible. The position is a W2 fixed-term (6 year) tenure-track professorship with the possibility for promotion to a tenured W3 professorship.

Scientific Environment

The professorship will be assigned to the Department of Mathematics of the TUM School of Computation, Information and Technology.

Responsibilities

The responsibilities include research and teaching as well as the promotion of early-career scientists. We seek to appoint an expert in the research area of Statistics and Data Science. While all areas of specialization in the field will be considered, the successful candidate is expected to pursue an innovative research program focused on the development/analysis of modern statistical methodology. Teaching responsibilities include statistics courses at the Master level, as offered in the Professional Profiles "Mathematics" and "Data Science and AI" (e.g., in the Master programs "Mathematical Finance and Actuarial Science" and "Mathematics in Data Science"). Additionally, the successful candidate is expected to participate in the teaching of introductory statistics courses at the Bachelor level.

Qualifications

We are looking for candidates who have demonstrated initial scientific achievements and the capacity for independent research at the highest international level. A university degree and an outstanding doctoral degree or equivalent scientific qualification, as well as pedagogical aptitude, are prerequisites. Substantial research experience abroad is expected (please see www.tum.de/en/faculty-recruiting-faq/ for further information).

Our Offer

Based on the best international standards and transparent performance criteria, TUM offers a merit-based academic career path for tenure track faculty from Assistant Professor through a permanent position as Associate Professor, and on to Full Professor. The regulations of the TUM Faculty Recruitment and Career System apply.

Tenure Track Assistant Professor in Statistics and Data Science
Technical University of Munich (TUM)

TUM provides excellent working conditions in a lively scientific community, embedded in the vibrant research environment of the Greater Munich Area. The TUM environment is multicultural, with English serving as a common interface for scientific interaction.TUM offers attractive and performance-based salary conditions and social benefits.

The TUM Munich Dual Career Office (MDCO) provides tailored career consulting to the partners of newly appointed professors. The MDCO assists the relocation and integration of new professors, their partners and accompanying family members.

Your Application

TUM is an equal opportunity employer and explicitly encourages applications from women. The position is suitable for disabled persons. Disabled applicants will be given preference in case of generally equivalent suitability, aptitude and professional performance.

Application documents should be submitted in accordance with TUM's application guidelines for professors. These guidelines and detailed information about the TUM Faculty Recruitment and Career System are available at www.tum.de/faculty-recruiting. Here you will also find TUM's information on collecting and processing personal data as part of the application process.

Please submit your application by **20 October 2024** via the TUM recruitment portal: **www.recruit.tum.de**
