Singapore to join as scientific leaders and researchers.

A Project Officer position is available in the laboratory of Associate Professor Wei MA at the School of Biological Sciences, Nanyang Technological University, Singapore. We are seeking a highly motivated and hardworking individual to support the lab activities of a plant research laboratory. A candidate with expertise of Arabidopsis genetics, plant molecular biology, *Nicotiana benthamiana* transient expression assay and microscopy background is highly desired.

Key Responsibilities:

- Contribute to various administrative tasks within the lab, including but not limited to safety and risk assessment, equipment maintenance, procurement, and other related duties.

Job Requirements:

- BSc in Biological Sciences or related fields
- Previous lab experience in plant genetics, molecular biology, *Nicotiana benthamiana* transient expression assay, plant physiology, microscopy.
- Competent in standard plant genetics, molecular biology, plant physiology, and *Nicotiana benthamiana* transient expression techniques.
- Enthusiastic to plant biology research and suitable for teamwork.

The College of Science seeks a diverse and inclusive workforce and is committed to equality of opportunity. We welcome applications from all and recruit on the basis of merit, regardless of age, race, gender, religion, marital status and family responsibilities, or disability.

We regret that only shortlisted candidates will be notified.
