Job Description

The Masters' Program in Data Analytics at Tufts University is seeking applicants for a part-time Professor of the Practice position to begin in September 2025. Our program focuses on communicating with data both individually and with teams. Teaching in the evenings and/or weekends may be required. The course load is one class each semester for the academic year. We are interested in classes in the general area of data analytics/science and AI. Examples of possible courses are Health, Finance, or Business Analytics and AI; Data and AI Ethics; and Data Engineering, though we are open to other topics.

Qualifications

The successful candidate will have significant experience working in the field of data analytics/science. A Masters' Degree in a field related to data analytics/science is preferred.

Application Instructions

All application materials must be submitted via Interfolio at apply.interfolio.com/154644. Please submit a cover letter, CV, available teaching evidence (syllabus, course evaluations, etc.), and two letters of reference which should be uploaded by recommenders directly to Interfolio.

Questions about the position and search may be directed to to Maura.Mcdonald@tufts.edu, Program Manager for the Data Analytics Program. Review of applications will begin on November 1, 2024 and continue until the position is filled.

All offers of employment are contingent on completion of a background check.
