The Department of Mathematics and Statistics at Auburn University seeks to fill two nine-month tenure-track assistant professor positions beginning on August 16, 2025. Candidates in all areas of applied and computational mathematics will be considered. Candidates whose research focuses on partial differential equations and data-driven computational mathematics are desired.

The department has a PhD program and various MS programs, including a new MS program in Data Science. It has over 50 mathematicians/statisticians and more than 120 graduate students engaged in research in various areas of mathematics and statistics. Auburn University's strong research programs in a variety of areas present many opportunities for interdisciplinary research and participation in its various multidisciplinary programs. Auburn University is an R1 University and one of the nation's premier land, sea, and space grant institutions. It maintains high levels of research activity and high standards for teaching excellence. For more information on faculty life at Auburn University, please visit <http://www.auburn.edu/academic/provost/facultyjobs/>.

Auburn University is understanding of and sensitive to the family needs of faculty, including dual-career couples. Please visit the following link for more information:

<http://www.auburn.edu/academic/provost/pdf/guidelines-dual-career-services.pdf>.

Applications must include a cover letter, transcript(s), curriculum vitae, a statement of research, and a statement of teaching (and teaching evaluations if available). Candidates should also submit the names and contact information of three professional references. One reference must address teaching experience and abilities. For additional information, contact: Dr. Yanzhao Cao, Chair, Applied/Computational Math Search Committee, e-mail: yzc0009@auburn.edu.
