Job Description

The Department of Homeland Security (DHS) Transportation Security Laboratory (TSL) Visiting Scientist Program is offering 10-week summer internships for undergraduate and graduate students.

Why should I apply?

This internship provides the opportunity to independently utilize your skills and engage with experts to move the proposed research forward. As a participant you will:

- Receive hands-on experience and individualized research opportunities while networking with top scientists and researchers.
- Have access to a one-of-a-kind federal research laboratory and state-of-the-art instrumentation.
- Increase your marketability by enhancing your academic and professional preparation.

What are the provisions?

You will receive a competitive stipend based on your academic status. In addition, you may receive a Housing Allowance and dislocation benefit, if your permanent address is more than 50 miles from the hosting facility.
