The Department of Applied Physics and Applied Mathematics (APAM) at Columbia University in the City of New York invites applications for a limited-term Assistant Professor faculty position in the area of applied and computational mathematics. The position begins July 1, 2025 for a term of 3 years. Salary is competitive and the teaching load is relatively light. Basic responsibilities focus on teaching, research and service.

Qualifications

A recent PhD earned in the last 3 years and no later than the start date of the appointment, and extraordinary promise in research, are both required. A broad array of research groups is active in the department, with current research encompassing applied and computational mathematics, and their application to many areas of physics, materials science, biology, earth science, as well as imaging and data science.

There is a strong cohort of activities on applied and computational mathematics within the Fu Foundation School of Engineering and Applied Sciences and the affiliated Data Science Institute. The Department is especially interested in qualified candidates who will contribute, through their research, teaching, and/or service, to the diversity and excellence of the academic community.

Application Instructions

Applications must include: (a) curriculum vitae, (b) statement of research, (c) statement of teaching, and (d) at least three letters of recommendation.

Candidate must apply through: <http://apply.interfolio.com/156656>

Applications received by November 7, 2024 will be given full consideration. For questions concerning the position, please email apam@columbia.edu.

Applicants are encouraged to consult <http://appliedmath.apam.columbia.edu> for more information about the applied mathematics program, and <https://apam.columbia.edu/> for more information about the department.
