whose research has made an impact on data science, machine learning, and artificial intelligence. Outstanding candidates at all academic ranks will be considered. We anticipate making multiple offers.

Candidates must hold a Ph.D. in Applied Mathematics, Statistics, or related fields, and will be expected to establish a strong, independent, multidisciplinary, and internationally recognized research program. Commitment to teaching excellence at the undergraduate and graduate levels, and a dedication to creating an inclusive and supportive educational environment for all students.

At Johns Hopkins, we value interdisciplinary collaboration. Faculty at the Whiting School of Engineering are united by a shared commitment to scientific discovery, teaching excellence, and transformative knowledge that contributes to the betterment of society. Successful candidates will find rich opportunities to engage with colleagues across the University, including the Data Science and AI Institute, the Mathematical Institute for Data Science, the SNF Agora Institute, the Carey Business School, Johns Hopkins School of Medicine, Krieger School of Arts and Sciences, Bloomberg School of Public Health, and Johns Hopkins Applied Physics Laboratory.

The expected salary range for this position is: Assistant Professors \$150k-\$200k, Associate Professors \$180k-\$245k, Full Professors \$200k-\$450k, for 12-month FTE. The referenced salary range is based on Johns Hopkins University's good faith belief at the time of posting. The actual compensation offered to the selected candidate may vary and will be based on factors including, but not limited to, the experience and qualifications of the selected candidate – e.g., years in rank, training, field, discipline, other work experience, and other similar factors; geographic location; internal equity; external market conditions; and other factors as reasonably determined by the University.

Diversity, equity and inclusion are integral values of the Department and University. Accordingly, the Department seeks candidates who can contribute to racial equity, diversity, and inclusion through service, mentorship, teaching, and scholarship.

All applicants should submit their application online at

<http://apply.interfolio.com/154032>

Electronic applications should include a cover letter describing the principal expertise of the applicant, a statement of teaching interests, a statement of research interests, a complete resume, and a publication list. Diversity statement is optional. Applications at the Assistant Professor level should also include at least three reference letters. Applications at the Associate or Full Professor levels need not include reference letters or names at this stage.

Diversity, equity and inclusion are integral values of the Department and University. Accordingly, the

Department seeks candidates who can contribute to racial equity, diversity, and inclusion through service, mentorship, teaching, and scholarship.

Applications submitted by December 1, 2024, will receive full consideration. The department will begin reviewing applications on October 15, 2024 and may take early action to schedule fall semester interviews.

The Johns Hopkins University is an equal opportunity/affirmative action employer that actively encourages interest from minorities and women and is committed to recruiting, supporting, and fostering a diverse community of outstanding faculty, staff, and students. All applicants who share this goal are encouraged to apply. The Johns Hopkins University is an EEO/AA Employer.

### **EEO/AA Policy**

The Johns Hopkins University is committed to equal opportunity for its faculty, staff, and students. To that end, the university does not discriminate on the basis of sex, gender, marital status, pregnancy, race, color, ethnicity, national origin, age, disability, religion, sexual orientation, gender identity or expression, veteran status or other legally protected characteristic. The university is committed to providing qualified individuals access to all academic and employment programs, benefits and activities on the basis of demonstrated ability, performance and merit without regard to personal factors that are irrelevant to the program involved.
