their research at KAUST for three years. The selection of fellows is based on outstanding scientific accomplishments as well as a research proposal that is aligned with the University's research priorities. Following the KAUST strategy, innovation and the potential for commercialization are also weighed in the decision.

Global Fellows have access to the exceptional infrastructure available at KAUST, including one of the world's fastest supercomputers, a comprehensive suite of electron microscopes, nuclear magnetic resonance machines and other imaging instruments, a class 100 cleanroom for nanofabrication, a series of research vessels to explore the Red Sea, and much more. They also benefit from several learning and development programs available at KAUST for certification in teaching, leadership and other subjects.

About the fellowship

The KAUST Global Fellowship Program is designed to attract emerging research leaders working across areas under the four research priorities of KAUST. It supports excellent postdoctoral researchers taking the initial steps towards a fully independent research career by providing them the resources to conduct and manage a three-year research project.

Global Fellows enjoy opportunities for interdisciplinary collaboration and research, leadership and teaching certification, community engagement, mentorship, access to an international alumni network, and a welcoming staff dedicated to the wellbeing of all Global Fellows.

Requirements

- D. degree related to the four research priorities of KAUST
- Up to 4 years of post-PhD experience
- Strong communication skills and fluency in English
- Submission of an innovative research proposal
- Support letter from a KAUST host PI

Applicants should apply through the online application form and following the instructions on the KAUST Global Fellowship Program website <https://kgfp.kaust.edu.sa/>

What we offer

- 3 years fixed term contract (with an evaluation at the end of the 2nd year)
- Annual stipend of **75,000 USD**
- Independent annual research budget of up to **40,000 USD**
- Access to unparalleled laboratory facilities
- Career and professional development programs, including mentoring, teaching, and leadership programs
- Medical insurance, accommodation depending on family status, schooling for up to 2 kids, relocation, and annual travel allowance

About KAUST

King Abdullah University of Science and Technology (KAUST) is an international, graduate-only private research university with researchers from over 110 nationalities, located on the shores of the Red Sea in Saudi Arabia. KAUST attracts top international faculty, scientists, engineers, and students to conduct curiosity-driven and goal-oriented research to address the world's pressing scientific and technological challenges. The university offers outstanding research facilities, generous research funding and internationally competitive salaries. The award-winning campus is designed to inspire and motivate students, employees and their families.

Why KAUST?

- Internationally Renowned Faculty directs the University's talented postgraduate students, researchers and postdoctoral fellows,
- State-of-the art facilities provide an environment that promotes targeted goal-oriented research,
