Job Description

A research faculty position (assistant research professor) is now available in the field of space plasma physics at Auburn University, with an expected starting date in March, 2025 or earlier. Interested candidates should send application materials including a cover letter, curriculum vitae, statement of research, and the names and contact information of three professional references. The contact persons for this position application is Prof. Xueyi Wang (wangxue@auburn.edu).

This position is focused on understanding the physics of plasma waves, wave-particle interaction, and their global consequences in the Earth's magnetosphere using our existing ANGIE3D and GCPIC simulation codes. Experience in kinetic simulations and/or observation data analysis is highly desirable.
