Worcester Polytechnic Institute - WPI

### **JOB DESCRIPTION SUMMARY**

The Physics Department at Worcester Polytechnic Institute invites applicants for a full-time tenure-track faculty position at the rank of Assistant Professor to begin in the Fall of 2025. We are seeking candidates within the broad areas of computational or theoretical physics that would complement our department. Responsibilities for this position include establishing an active externally funded research program, teaching undergraduate and graduate courses, advising and mentoring undergraduate and graduate projects, and serving WPI and its connected communities.

WPI is a diverse campus of learners passionate about creating an inclusive workplace that promotes and values diversity. We are looking for candidates who can support our commitment to equity, diversity, and inclusion.

### **JOB DESCRIPTION**

The successful applicant is expected to develop a robust, externally funded research program while contributing to the educational and research missions of the Physics Department and WPI that include project-based learning, a focus on undergraduate research, and active K-12 outreach. The candidate's research should complement current research strengths and facilities at WPI and support the Physics and Applied Physics PhD programs. Programs and research interests of current faculty include quantum sensing, quantum information science, ultrafast optical and THz spectroscopy, nuclear and plasma science, soft matter and biophysics, photonic integrated circuits, physics education research, nanoscience, astrophysics, and data science/ML/AI. The department's webpage can be found at <https://www.wpi.edu/+physics>. Applicants should have a Ph.D. in Physics or a closely related field, a strong scholarship record, and a strong potential for excellence in teaching.

WPI, founded in 1865, is one of the nation's oldest technological universities. WPI is a highly selective private university with an undergraduate student body of over 5,500 and 2,600 full-time and part-time graduate students enrolled in over 50 Bachelor's, Master's, and Ph.D. programs. Its innovative project-enriched curriculum engages students and faculty in real-world problem-solving, often at one of WPI's global project centers. At WPI the boundaries to multidisciplinary collaboration are low-faculty members, students, and other partners work together on the real-world projects and purposeful research that are hallmarks of the WPI experience. We are proud of a No. 1 ranking for "faculty who best combine research and teaching." (Wall Street Journal/Times Higher Ed, 2016). Located one hour west of Boston, the university's campus is in Worcester, Massachusetts, a thriving 21st-century college city recognized as a growing hub of scientific and technological innovation.
