Lecturer Pool - Molecular Science and Software Engineering (MSSE) - College of Chemistry

Position overview

Position title: Lecturer

Salary range: The UC academic salary scales set the minimum pay at appointment. See the following table for the current salary scale for this position: https://www.ucop.edu/academic-personnel-programs/_files/2024-25/july-2024-scales/t15.pdf. The current full-time salary range for this position is \$68,247-\$192,040.

Downloaded On: Apr. 18, 2025 12:18am

Posted Dec. 30, 2024, set to expire Apr. 26, 2025

Percent time: Variable

Anticipated start: Positions usually start in August and January.

Review timeline: Applications are typically reviewed for fall course needs in April and in September for spring course needs. Please note that the use of a lecturer pool does not guarantee that an open position exists. See the review date specified in AP Recruit to learn whether the College is currently reviewing applications for a specific position. If there is no future review date specified, your application may not be considered at this time.

Application Window

Open date: August 25, 2024

Most recent review date: Thursday, Mar 20, 2025 at 11:59pm (Pacific Time)

Applications received after this date will be reviewed by the search committee if the position has not yet been filled.

Final date: Monday, Aug 25, 2025 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

Position description

The College of Chemistry at the University of California, Berkeley is generating an applicant pool of qualified lecturers to teach graduate courses on the Berkeley campus for the Master of Molecular Science and Software Engineering (MSSE) Program should an opening arise. We are seeking dynamic lecturers with a commitment to graduate education in computational science, data science, and software engineering to lead multiple courses each year. Disciplines where we are seeking instructors include:

- Computational Chemistry
- Computational Quantum Chemistry
- Scientific Computing
- Machine Learning/Deep Learning
- Complex mathematical modeling and simulations
- Leadership, management, and entrepreneurship

The MSSE Program is a unique program that is designed to formally train scientists, engineers, and

computer scientists in computational and data science, and to provide them with the tools, software engineering practices, leadership, management, and entrepreneurial skills needed to create or lead science- or engineering-based enterprises. While the degree focuses on the molecular sciences, its content is suitable for any student pursuing software engineering or data science roles in other science-based industries, or in other areas that require advanced machine learning, complex mathematical modeling and simulations, or high-performance computing.

General Duties:

Classroom teaching and preparation, managing and mentoring graders and/or graduate student instructors (teaching assistants), holding office hours, assigning grades, advising students, preparing course materials (e.g., syllabus), and using Cal's electronic resources for course management.

The College of Chemistry and the MSSE Program are interested in candidates who will contribute to diversity and equal opportunity in higher education through their teaching.

Contract for the Lecturers Unit (IX) between the University of California and the American Federation of Teachers: <https://ucnet.universityofcalifornia.edu/labor/bargaining-units/ix/contract.html>

Qualifications

Basic qualifications (required at time of application)

Advanced degree or enrolled in an advanced degree program.

Additional qualifications (required at time of start)

Advanced degree.

Preferred qualifications

- A Ph.D., or equivalent international degree, in an area related to computational science, data science, and/or software engineering
- Prior teaching and/or work experience in computational science, data science, and/or software engineering
- Leadership, management, and entrepreneurial skills in STEM fields
- Existing authorization to work in the U.S.
- Proficient in C++ and Python programming languages

About UC Berkeley

UC Berkeley is committed to diversity, equity, inclusion, and belonging. The excellence of the institution requires an environment in which the diverse community of faculty, students, and staff are welcome and included. Successful candidates will demonstrate knowledge and skill related to ensuring equity and inclusion in the activities of their academic position (e.g., teaching, research, and service, as applicable).

The University of California, Berkeley is an Equal Opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status.

Please refer to the [University of California's Affirmative Action and Nondiscrimination in Employment Policy](#) and the [University of California's Anti-Discrimination Policy](#).

In searches when letters of reference are required all letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when
