Job Description	

Requirements

A Master's degree (NQF Level 9) in Mathematics with at least four (4) years of lecturing experience at the tertiary education level and/or relevant industry experience, or an equivalent combination of professional experience. Competence in teaching the following subjects: Precalculus, Calculus, Analytic Geometry, Linear Algebra, and first-year Engineering Mathematics courses. Ability to manage large class sizes. Excellent English communication skills (both oral and written) and a solid understanding of computers and the latest office software packages are essential. The successful candidate will primarily be responsible for teaching InSTEM Mathematics. A credible record of lecturing, peer-reviewed publications, community engagement, and supervision of undergraduate research students, as well as possession of a Doctorate, will be an advantage.
