Job Description

We are seeking a post-doctoral research associate to join our interdisciplinary team and contribute to cutting-edge research in AI applications. This position focuses on integrating large language models (LLMs) and machine learning to advance AI-driven disciplinary research. Candidates with expertise in Python, LLMs, and natural language processing (NLP) are encouraged to apply.

Qualifications:

- Ph.D. in a relevant field with expertise in AI applications, machine learning (particularly reinforcement learning), and advanced NLP research.
- Experience in applying large language models.
- Excellent communication and writing skills.
