Job Description

The Physics Department at Auburn University is seeking a highly qualified individual for a Lecturer position. This is a nine-month, non-tenure track appointment. There will be opportunities for additional salary for summer teaching. The successful candidate will be expected to: (1) teach introductory undergraduate courses in physics, (2) interact with other faculty and staff to enhance pedagogical efforts in undergraduate teaching, and (3) supervise graduate teaching assistants. Opportunities to teach more advanced courses will be available based on appropriate qualifications.

Auburn University is a nationally ranked land grant institution recognized for its commitment to world class scholarship, interdisciplinary research with an elite, top-tier Carnegie R1 classification and an undergraduate education experience second to none. Auburn is home to more than 30,000 students, and its faculty and research partners collaborate to develop and deliver meaningful scholarship, science and technology-based advancements that meet pressing regional, national, and global needs. Auburn's commitment to active student engagement, professional success and public/private

The Department of Physics at Auburn University consists of 30 faculty, approximately 65 graduate students, and 60 undergraduate physics majors. About 2,000 students are taught introductory physics each semester. The department cares deeply about teaching and learning and uses evidence-based research to drive improvements in classroom best practices. More information about the Department of Physics can be found at: [Physics - Departments - College of Sciences and Mathematics](#).

Candidates need to include in their application a cover letter, curriculum vitae, statement of teaching philosophy, and the names and contact information for three professional references. The desired starting date is August 2025.

At the College of Sciences and Mathematics, we value the land-grant mission of the university.
