experience teaching undergraduate students. At FIU we encourage faculty to incorporate innovative teaching methods into their classroom such as but not limited to active learning methods and use of simulations in our general chemistry courses. Duties of the position will include teaching in the area of general chemistry at the undergraduate level. The ideal candidate is expected to continue to take an active role in curriculum reform efforts, developing potential online/hybrid courses, and pursuing educational grants. The candidate is expected to have departmental administration and committee duties as a full-time teaching faculty and is expected to have full-time presence on campus. The Department of Chemistry and Biochemistry, with over 40 faculty from 13 different countries, has dynamic and growing Ph.D. programs in Chemistry and Biochemistry supporting over 100 graduate students, as well as a vibrant undergraduate program with over 100 B.A. and B.S. graduates each year.

Qualified candidates are encouraged to apply to Job Opening ID534949 at careers.fiu.edu and provide a cover letter, C.V. and teaching philosophy. Candidates will be requested to provide names and contact information for at least 3 references who will be contacted as determined by the search committee. To receive full consideration, applications and required materials should be received by June 29, 2025. Applications will be accepted until the position is filled.

FIU is a State University System of Florida member, Equal Opportunity, Equal Access, and Affirmative Action Employer for individuals with disabilities and veterans. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, national origin, disability, or protected veteran status. For inquiries regarding nondiscrimination, contact FIU's Office of Civil Rights Compliance and Accessibility at 305.348.2785 or email ocrca@fiu.edu.
