Job Description	

Faculty Members for College of Computer and Cyber Sciences
University of Prince Mugrin

The College of Computer and Cyber Sciences (C^{3}S) at University of Prince Mugrin (UPM) aims to pioneer computing education by graduating creative and competent professionals and conducting innovative multidisciplinary research in the state-of-the-art fields of computer and cyber sciences to support the development of society. Located in the heart of Al-Madinah Al-Munawarah, C^{3}S offers several cutting-edge bachelor programs such as Bachelor of Cyber Security and Forensic Computing, Bachelor of Software Engineering and Bachelor of Artificial Intelligence. All programs are open to both local and international students.

C^{3}S at UPM seeks applicants with the rank **of Assistant/Associate/Full Professor.**

- The position requires a PhD in Computer Science, Cyber Security & Forensic computing, Artificial Intelligence and Software Engineering or in a related field required or related degree from a highly ranked university.
- Suitable experience in academia and industry.
- Producing high-quality, independent, and collaborative research.
- Experience in supervising undergraduate/graduate students.
- The ability to update/develop new programs/curriculum should the need arise.
- Excellent command of English (verbal, written).
- Familiarity with accreditation and quality assurance processes.

Successful candidates will be expected to teach courses at the undergraduate level, conduct research, supervise student work and engage in academic scholarship and administrative work towards the college and the community.
