Job Description

Stevens Institute of Technology is seeking a knowledgeable and enthusiastic Summer Instructor for the ACES (Accessing Careers in Engineering and Science) Math/Coding Class, part of a pre-college program designed to introduce high school students from underrepresented backgrounds to STEM fields. The instructor will deliver engaging instruction in foundational mathematics and computer science to inspire and prepare students for future success in college-level STEM education.

• Submit a detailed curriculum and course outline to the Director of High School Enrichment Programs.
• Conduct classroom instruction at the designated time and location.
• Provide the Director with feedback on students' performance and behavior.
• Enforce all program rules and regulations.

• Submit completed evaluation forms at the end of the program.
• Report disciplinary problems to the Director within 24 hours of their occurrence.
• Participate in Staff Meetings.
• Submit completed evaluation forms to the Director at end of program.
