in theoretical computer science to commence July 1, 2026. The Department has a strong and active Theory Group, with members doing research in TCS and related areas, including algorithms, complexity, cryptography, and logic. Qualified candidates must have a Ph.D. in Computer Science or equivalent field or be within a year of completion, and a demonstrated record of research accomplishment, including publications in top international theory venues (comparable to SODA, FOCS and STOC) as well as a clear plan for developing an outstanding research program. Applicants must have a commitment to teaching theory courses at the undergraduate and graduate level and be able to teach a variety of courses at the undergraduate level. Evidence of prior teaching experience is preferred. Applicants should provide a plan for graduate student supervision, with prior experience in supervising or mentoring students considered an asset. Applicants must display the required professionalism to operate in a collegial academic environment, with evidence of collaboration considered an asset.

The candidate's qualifications, experience and overall market demand will determine a candidate's final salary offer. The salary for this position includes a competitive salary range of \$117,000 - \$144,000 for Assistant Professors. UVic is committed to offering an equitable and competitive salary, inclusive of a generous benefits package, eligible leaves and pension plan.

UVic is committed to upholding the values of equity, diversity, inclusion and <a href="https://example.com/human-rights">human-rights</a> in our living, learning and work environments. In pursuit of our values, we seek members who are eager to actively participate in that shared responsibility. We actively encourage applications from members of <a href="https://example.com/historically-and-systemically-marginalized-groups">historically-and-systemically-marginalized-groups</a>.

Engineering. It offers several joint programs combining Computer Science with Geography, Health Information Sciences, Mathematics, Statistics, Music, Physics, Psychology, Statistics and Visual Arts. The department offers Masters and Doctoral programs and there are currently 125 graduate students. It offers a one-year course-based Master of Engineering in Applied Data Science, jointly with the Department of Electrical and Computer Engineering. There are currently 39 faculty members, including three Canada Research Chairs, with 11 members having joined the Department in the past five years, creating a dynamic environment with opportunities for growth and development. In the latest Leiden ranking, UVic ranked fifth in Canada for research impact across all sciences, and sixth for mathematics and computer science. Victoria is a great place to live and boasts a vibrant high-tech sector with over 900 companies on Vancouver Island. UVic's Department of Computer Science is a diverse department with faculty members from across the globe and a commitment to achieving gender parity. All qualified candidates are encouraged to apply; in accordance with Canadian Immigration requirements, Canadians and permanent residents will be given preference. Please indicate in your application package if you are a Canadian citizen or permanent resident.

To be considered, please submit a completed application package including a cover letter that addresses the full scope of the job requirements, along with your curriculum vitae, research statement and up to three selected relevant publications, teaching statement, syllabi and course evaluation data (if available), an Equity, Diversity and Inclusion (EDI) statement, and contact information for three references at https://academicjobsonline.org/ajo/jobs/30361, addressed to the Recruiting Committee Chair. Application packages must be received by September 22, 2025. The cover letter should clearly identify how your experience and research plan address the topic area above. The research statement should summarize research achievements and impact and propose a credible plan for future research. The EDI statement should briefly describe your experience with addressing EDI and/or how you plan to contribute to the EDI goals of the Department (see https://www.uvic.ca/ecs/about/equity-actionplanning/index.php). You are asked to upload your CV and other personal information to this service, which is provided for the convenience of you and your referees. The service stores data on servers located outside of Canada; the data is therefore not in the custody or under the control of the University of Victoria. You may wish to review the privacy statement on https://academicjobsonline.org. If you do not wish to use this service, please submit your complete application package to search@uvic.ca. If you have any questions, please contact search@uvic.ca clearly identifying the search you are inquiring about.

Please note that reference checks will be done, and background checks, including credential and degree verification, may be undertaken as part of this recruitment process.

The University acknowledges the potential impact that career interruptions can have on a candidate's record of research achievement. We encourage applicants to explain in their application the impact
