mission, diverse student body, and commitment to equity and social justice. Since our founding in 1868, we have driven innovation, creating global intellectual, economic and social value.

We are looking for applicants who reflect California's diversity and want to be part of an inclusive, equity-focused community that views education as a matter of social justice. Please consider whether your values align with our [Guiding Values and Principles](#), [Principles of Community](#), and [Strategic Plan](#).

At UC Berkeley, we believe that learning is a fundamental part of working, and provide space for [supportive colleague communities via numerous employee resource groups](#) (staff organizations). Our goal is for everyone on the Berkeley campus to feel supported and equipped to realize their full potential. We actively support this by providing all of our full-time staff employees with at least 80 hours (10 days) of paid time per year to engage in professional development activities. Find out more about how you can [grow your career](#) at UC Berkeley.

Departmental Overview

The Lawrence Hall of Science is UC Berkeley's public science center. Our mission is to inspire and engage through science discovery and learning in ways that advance equity and opportunity. We do this by working with audiences that include learners, who experience our programs and products; educators, who work both in and out of school settings; and partners, who conduct research, build capacity for learning, and transform education systems. Research underlies everything we do, and we design all of our programs and products to have high impact beyond the walls of The Lawrence.

Since we were founded in 1968, The Lawrence has been at the forefront of science, technology, engineering, and math (STEM) learning. The Lawrence is unique among science centers as it is a Learning Lab. We design, develop and study a wide array of science, technology, engineering and mathematics learning programs and products for youth, families and adults from diverse backgrounds in our specialized facilities and through our community partnerships. Our spaces and partnerships offer unique opportunities for public engagement and learning, curriculum and instructional materials design, professional learning, and research on learning, instruction, and pathways towards STEM careers. We disseminate and scale-up our effective and innovative learning programs and materials in ways that broaden participation in STEM and have local, national, and global impact.

Position Summary

The Lawrence Hall of Science is University of California, Berkeley's public science center, serving more than 170,000 visitors on site each year. Individually and as part of a team, this position involves
