About the Positions: We seek faculty candidates with strong research records in the Computer Science, Data Science and AI areas. Positions are available at <https://jobs.uaeu.ac.ae/>. Successful candidates are expected to complement and enhance current research at the College and contribute to the teaching of both undergraduate and graduate courses across programs.

Candidates' Qualifications: Candidates must hold a Ph.D. degree in Computer Science or a related area based on each advertised position from a reputable university. In addition, candidates must demonstrate: An established record of discipline specific research publications in Q1 journals and top conferences. • Experience writing and securing research grants • Evidence of excellence in teaching and student supervision at the undergraduate and graduate levels. • Ability to work collaboratively with faculty across multiple departments and programs. Faculty rank is based on each advertised position. Only short-listed candidates will be contacted for interviews.

The UAEU and CIT are committed to fostering a diverse, inclusive, and equitable environment and culture for students, staff, and faculty. For more information about CIT, please visit <https://www.uaeu.ac.ae/en/cit/>.

Application Instructions: Applications must be submitted online at <https://jobs.uaeu.ac.ae/> A completed application must include: • A cover letter • An up-to-date curriculum vitae; • A research statement, describing current and future research; • A teaching statement, describing teaching philosophy; and • The names and contact information for at least three recommenders.

About the UAEU: The United Arab Emirates University (UAEU), #229 in QS World University Rankings 2026, is committed to innovation and excellence in research and education. As the country's flagship university, UAEU aims to create and disseminate fundamental knowledge through cutting-edge research in areas of strategic significance to the nation and the region, promote the spirit of discovery and entrepreneurship, and educate indigenous leaders of the highest caliber.

Minimum Qualification

Applicants must have an earned doctorate in the applicable field. The ability to teach undergraduate courses is a must and a strong research profile.

Preferred Qualification

Strong research profile with publications in Q1 journals and high H-Index.
