Job Description	

Job Description

The Department of Biology at United Arab Emirates University (UAEU) invites applications for a full-time faculty position at the rank of Assistant or Associate Professor in the field of Molecular Biology and Epigenetics. We seek candidates whose research focuses on the molecular mechanisms of epigenetic regulation, including but not limited to chromatin biology, non-coding RNAs, DNA and histone modifications, or gene-environment interactions. Applicants employing cutting-edge techniques to explore epigenetic processes in development, disease, or cellular function are especially encouraged to apply. The successful candidate will be expected to establish a vibrant, externally
