senior capstone and research projects; collaborating with faculty to enhance the physics curriculum; academic advising; participating in department, university and professional service; and fostering interdisciplinary collaborations in education.

Minimum Qualifications

Candidates must have earned a PhD degree in physics or related field at the time of employment; have experience with teaching at the college level, particularly at the undergraduate level; possess excellent communication skills; demonstrate a strong commitment to teaching excellence, and be authorized to work in the US on a full-time basis.

The University of Massachusetts Dartmouth (UMassD) is located in the beautiful ocean side community of Dartmouth, about an hour south of Boston, a half-hour east of Providence, and a half-hour west of Cape Cod. It offers a world-class education to more than 7,500 undergraduate and graduate students each year in nearly 60 undergraduate and 50 graduate (MS & PhD) programs offered by the College of Engineering, College of Nursing, Charlton College of Business, College of Arts and Sciences, College of Visual and Performing Arts, School of Law and School for Marine Science and Technology. UMassD has transformed the lives of more than 50,000 alumni and distinguishes itself as a vibrant, public research university dedicated to engaged learning and innovative research. UMassD is the only Massachusetts national research university south of Boston and serves as a catalyst for the development of marine science and technology industries along the south coast of Massachusetts.

The University of Massachusetts Dartmouth welcomes all qualified applicants and complies with all state and federal anti-discrimination laws. UMass Dartmouth reserves the right to conduct background checks on potential employees.
