competitive salary, full benefits, and possible summer teaching opportunities. This is an on-site position, and regular attendance on campus is required.

Duties:

The successful candidate will be responsible for at least 2 courses, which have both lecture and weekly lab components each semester. Courses may include Anatomy & Physiology, Biomechanics, Exercise Physiology, Medical Terminology, Introductory Biology, and other courses dependent on program needs and the successful candidate's interests and expertise. Candidates with experience in exercise science are especially encouraged to apply.

Qualifications:

A Ph.D., ABD, or Master's degree in Biology or a closely related field is required at the time of appointment. Preference will be given to candidates who demonstrate a commitment to excellence in teaching within a liberal arts setting and who have experience teaching college-level biology courses as the instructor of record.

Benefits package:

The College offers an outstanding benefits package including health, dental, vision, and life insurance; retirement plan; paid time-off, and tuition waiver. For more information, please visit::
