Job Description

ABOUT VINUNIVERSITY

VinUniversity (VinUni) is the first private, not-for-profit Vietnamese university established based on international standards. The university integrates the models of excellent international universities with the unique cultural and economic characteristics of Vietnam, to make a breakthrough in Vietnamese higher education and to become a world-class university.

The University has built strategic collaborations with Cornell University and the University of Pennsylvania — a choice that speaks to our commitment to excellence, innovation in research and teaching, and to making a difference in the world. VinUni comprises College of Arts and Sciences; College of Business and Management; College of Engineering and Computer Science; and College of Health Sciences.

VinUni's founding benefactor - Vingroup is one of the biggest private conglomerates in Asia with the largest market capitalization value in Vietnam. As a multisector corporation, Vingroup focuses on five main areas: Industrials & Technology; Real Estate & Services; Infrastructure; Green Energy; and Social Enterprises.

In September 2024, VinUni became the youngest and fastest university in the world to achieve QS 5 stars, earning 5 stars in 9 categories: global engagement, good governance, program strength, academic development, teaching, employability, facilities, arts, and social impact. In October 2024, VinUni was appointed by UNESCO as the first and only UNESCO University Chair, focusing on Environmental Leadership, Cultural Heritage, and Biodiversity.

On our journey to become one of the world's top 100 universities, VinUni is building a dynamic ecosystem of innovation and discovery. Through strategic investments in world-class research centers, state-of-the-art facilities, and transformative technologies, the university empowers collaboration across disciplines, strengthens partnerships with industry and society, and nurtures a thriving global network, who spearheads advancements in AI/Machine Learning, Data Science, Environmental Intelligence, Innovation in Health Sciences, Policy Development and Sustainable Societies.

Faculty of Computer Science is a full-time research focused position at College of Engineering and Computer Science and will have the opportunity to work in affiliation with Center for AI Research (CAIR).

COLLEGE OF ENGINEERING AND COMPUTER SCIENCE

The College of Engineering and Computer Science (CECS) at VinUniversity provides a rigorous academic foundation and extensive opportunities for interdisciplinary, application-oriented research and learning.

In collaboration with seven research centers, CECS combines an international-standard curriculum with state-of-the-art facilities and strategic industry partnerships, particularly within the Vingroup ecosystem, to cultivate an academic environment that catalyzes technological and scientific breakthroughs.

ABOUT CENTER FOR ARTIFICIAL INTELLIGENCE RESEARCH

CAIR serves as both a core research unit and horizontal enabler for other research centers by advancing fundamental AI and translating to impact projects.

The research focus is on:

- Trustworthy and Responsible Embodied Generative AI
- Human-Centric AI
- Biomorphic Intelligence

POSITION REQUIREMENTS

The faculty members will be responsible for three primary responsibilities:?

Research

- Lead high-impact research with strong translational outcomes and publications in top-tier journals and secure competitive external funding.
- Foster interdisciplinary collaboration within and beyond the College through active engagement in academic events.
