Knowledge Skills and Abilities

The Adjunct Biology Instructor will teach introductory biology, general microbiology, human anatomy & physiology, or closely related courses, assess student learning, maintain student records, hold appropriate office hours, and submit academic records to the department and registrar's office. The position requirements are as follows:

- Excellent communication and writing skills
- Excellent interpersonal skills
- Work well with students
- Be knowledgeable of Microsoft Office, Banner, Zoom, and Canvas

Essential Job Functions

- Demonstrate knowledge of instructional strategies and techniques appropriate to teaching adult students; instruct, manage, motivate, mentor, evaluate and advise them;
- Interact with students in an appropriate, professional manner;
- Employ a variety of formative and summative assessments to ensure that classroom instruction leads to student learning and the attainment of the student learning outcomes for the course;
- Help students reach their academic, personal, and career goals and foster a safe environment that respects diversity, modeling respect and conveying confidence in every student's ability to learn;
- Comply with departmental curriculum, grading standards, student performance data, attendance policies, textbook choices, and assessments;
- Attend classes regularly, maintain active syllabi, and return reports, credentials, and other requested documents promptly;
- Maintain effective written and communication with chair or designee;
- Comply with all legal and ethical obligations, including FERPA, ADA, and other regulatory legislation;
- Participate in training/workshops that are mandated for instructors.
- Commit to furthering the mission, goals, and values of the Department of Biological Sciences and Alcorn State University.
- Active participation in student recruitment and retention.
