Job Description	

Job Description

The United Arab Emirates University is inviting applications for the position of Assistant Professor in Computational Mathematics. Candidates must possess a Ph.D. in mathematics, specializing in relevant fields such as optimization and scientific computing. Priority will be given to candidates with profound theoretical and practical expertise in these domains. Applicants should be deeply committed to delivering high-quality education at both undergraduate and graduate levels. They should showcase research proficiency, enabling the establishment and maintenance of internally and/or externally funded research in Mathematics related to Computational Mathematics. Additionally, candidates are

expected to publish their research findings in esteemed, peer-reviewed journals. The Department envisions this position as a significant stride toward fostering interdisciplinary research, addressing scientific and technological challenges across various domains and industries related to the UAE's priority areas. To apply, candidates should submit a comprehensive application package comprising a cover letter, a detailed resume, a concise teaching philosophy, a list of courses taught, and three recommendation letters—preferably one focused on research and another on teaching. English proficiency is essential, as it serves as the primary language for instruction and communication. The review of applications will commence immediately and will continue until the position is successfully filled.

Minimum Qualification

Applicants must have an earned doctorate in Mathematics.

Preferred Qualification

Postdoctoral experience, teaching, and research higher education institutions. Strong communication skills in English.
